

Just down the road  
Is a concentration camp  
They call it a detention center  
Which is fascist vamp  
For a place to store people away  
In the black hole of Trump's USA.

It's not far from a liquor store  
Where we used to buy booze,  
to make ourselves feel better  
as we shuffle off to Trump's Fascist Blues.

It wasn't there a year ago.  
Sprung up out of nowhere ...  
Rather out of hate, fear or so.  
It's called Prairieland ...  
Kind-a like a Fairyland ...  
A place of make believe.

The other night,  
They arrested 10,  
Still looking for more,  
Said they was fixing to kill an ICE agent for ... ?  
But the cops' story is so thin  
But them's the times we're living in.  
Trump's Fascist Anti-People war.

Making 'em up as they go  
Rounding up anyone who shows  
A ounce of courage,  
A free thought or two  
It's the fascist game plan  
They be adhering to.
