**My god didn't inspire any books.
Men wrote them and attributed their ideas to her.
My god isn't now nor ever was a real estate broker.
Theft in her name is simply, that, theft.
My god didn't create woman of man's rib.
She made her in her own image and likeness**

**My god is a god of love ...
My god is a god of nurturing ...
My god is a god of life, of learning, forgiveness and peace.**
