

## JUST ONE MORE

One more.

Just one more.

I can almost taste it.

    Feel it.

    Sense it.

    Touch it.

I need ...

    One more play.

    One more part.

    One more exorcism of this

        Gnawing

        Itching,

        Clawing,

        Urge to stand on a rooftop

        And shout

        ‘TO BE OR ...’

        “to be ...”

        “to be ... ?”

Another painting.

Another song.

A photo,

Poem,

Drawing,

Anything,

No, something,

There must be something,

One more something,

Just one more!
